JACKETS, CAPES, BLAZERS—GEO. M. SNOOK & CO.

Geo. M. Snook & Co.

Nearly 2,000 JACKETS, CAPES, BLAZERS, etc., in stock April 15th. We consider this an overstock. They must be moved quickly. How? Prices—Low prices—Extraordinary Low Prices! will do the work, or we are very much mistaken. What are these prices? We'll tell you. Every garment in the house has been marked over again, marked in plain figures this time, marked in figures so low that you'll buy at sight, for profits have been completely eliminated in most instances. Therefore do not delay. Purchase now and secure the benefit of three seasons' wear, Spring, Summer and Fall, for our variable climate make wraps a necessity at times even in mid-summer.

Purchase now and obtain the best styles, as cloak manufacturers know only two seasons, the Spring and Winter seasons, and light-weight wraps will become scarce later, just as they did last summer. Indeed, cloak makers are even now getting ready for next winter and styles that you will want later, cannot be had at any price.

Purchase Now—Prepare yourself for that trip to the World's Fair! We have Suits too, that are going to be sold cheap—Fine Blazer Suits—100 of them in Navy and Black, sizes from 32 to 44, are going to be sold at \$8 85 each. They were bought to sell as leaders for \$10 00, but quick sales demand tiny rather than "tony" profits, hence this price. Finer Suits in Eton, Balero, Blazer, Cape and Reefer styles up to \$30 00. All at reduced prices.

THE CITY WATER BOARD.

Kramer-McElroy Case.

The sensational Kramer-McElroy case was concluded in Squire George Arkle's court yesterday morning, and Kramer was held in \$200 bond to appear at the present term of the circuit court to answer the charges. Mrs. McElroy testified, and at the conclusion, Justice Arkle gave his decision.

Professor Vaas Returns.

Prof. Louis Vaas, formerly of this city, has returned from Germany, where he has lived for the past two years. The professor was formerly leader of the Opera House Orchestra, musical director of the Teutonia Singing Society and a local musical favorite. He will remain here permanently, and will resume his old position with the Teutonians.

The Garbage Contractor Up.

Lawrence Clark, the garbage contractor, was arraigned in the police court yesterday on a charge of violating the garbage ordinance. The drivers of his carts had been pulling out the plugs and letting the water run out on Grandview street before climbing the street to the crematory. Clark said that as soon as he learned of this he had the carts made so this could not be done, and had taken the drivers to task. The mayor excused him with a warning for the next offense.

Some remarkable cures of deafness are recorded to Dr. Thomas' Electric Oil. Never fails to cure headache.

INTERESTING NEW SUITS.

Three Petitions for Divorce Filed Yesterday—Other Cases.

In the office of the clerk of the circuit court yesterday a suit was brought by Minnie Knox, by her attorneys, against the Wheeling Railway Company, for \$1,000 damages. No particulars are given in the preliminary papers.

Three divorce suits were commenced yesterday, an unusual record for one day. George Murray sues his wife, Laura Murray, for divorce. Sophie Capps wants a divorce from her husband, Harry, and Caroline Moser sues for a separation from her husband, John Moser.

A suit was also entered by H. B. Harris against Tamer Nelson and a number of others, for the partition of an estate in which they are interested. There was no other business in the circuit court.

To Prospect for Oil.

There are signs of renewed activity in oil and gas operations in this county. Yesterday nine leases for oil and gas privileges of tracts of land varying in size, and all located north and northeast of the city, in Richland or adjoining districts, were left for record with Clerk Hook. The terms of the leases require experimental wells to be drilled at an early day.

When the Spring Time Comes.

The early spring time makes glad the heart of the cyclist, and then if ever he wants the best mount that money can buy. This accounts largely for the rush of business at K. Hoge's bicycle headquarters, 1113 Market street, where there is a wide choice of high grade machines. Some like one, some like another. The Columbia and the Phoenix seem to be the favorites this year. Drop in and give them a going over.

The Evolution

Of medicinal agents is gradually relegating the old-time herbs, pills, draughts and vegetable extracts to the rear and bringing into general use the pleasant and effective liquid laxative, Syrup of Figs. To get the true remedy see that it is manufactured by the California Fig Syrup Co. only. For sale by all leading druggists.

Greatest Value Offerings Ever Made.

We've put every energy to increase the goodness and lower the cost. 'Tisn't cheapness the people want. 'Tisn't cheapness we offer them. It's quality, better quality, best quality, at prices no tongue ever told or man ever heard of before. The news has spread.
